

## Econocom successfully completes a €225 million Schuldschein private placement

Econocom, a pioneering group supporting the digital transformation of private and public organizations, has successfully carried out a €225 million Schuldschein private placement, initially launched at €100 million and subsequently more than doubled on the back of significant oversubscription. This transaction is structured in several tranches denominated in euros, at fixed and variable rates, with maturities of 3 and 5 years.

The strong demand demonstrates the interest and confidence of investors in Econocom's strategy, its diversified business mix, as well as in the quality of its financial profile.

The proceeds of this placement will be used to support the execution of the Group's strategic plan, including targeted acquisitions, as well as for general corporate purposes.

ABN AMRO and Bayerische Landesbank, Crédit Agricole CIB, Commerzbank and Landesbank Baden-Württemberg were the Joint Arrangers for the placement.

**Philippe Renaud, Managing Director Finance and M&A of Econocom Group**, said: *"In a volatile market environment and evolving context, investors and financial partners have demonstrated a strong confidence in our business model, our strategic ambitions and our ability in delivering sustainable growth. Thanks to this placement, Econocom successfully enlarges its European and international investor base, and further strengthen its financial profile."*
